Turn your face
toward the sun and
the shadows will fall
behind you.

Day of
Spring!**

Spring

by Judi Billcliff

Like a coiled seasonal spring
Ready to unwind and be released
As it pounces on nature.
Spring, as exciting as the sound
Of popcorn popping,
Or sausages sizzling on the barbecue.
Blossoms beginning to bloom,
Their beauty acting like a magnet
Drawing us in with the memory
Of plump, sweet, juicy fruit.
New born lambs frolicking freely
In the lush fields without a care.
Late frosts reminding us of winter past
Followed by the sun, warm and inviting,
Letting us know summer
Is around the corner, almost here.
But for now, it is spring -
A season full of promise and hope.
